

Airport Capital Improvement Program

Sole Source Elements

State Law

Public Agencies make a finding that “sole sourcing” is necessary to match materials, products and services in use on a public improvement

Materials, Products and Services proposed to be sole sourced in Airport Capital Improvement Program:

1. Fire Alarm and Sprinkler System Programming Controls
2. Door Security Access Controls
3. Security System Integration
4. Intercom/Public Address System
5. Common Use Passenger Processing Systems
6. Airfield Lighting Control System Programming
7. Lighting Controls and Heating Ventilation, Air Conditioning (HVAC) Controls
